Comments	<input type="text" value="I'm concerned about the access to this site. While geographically next to the M40, if there's no access off the motorway, the villages and roads will just become rat runs for traffic looking to access the site. There are nurseries and schools along these routes, as well as there being a major impact to wildlife. Unless a dedicated junction is provided on the M40 for traffic to come and go, this should not be approved, and there needs to be some control in place to prevent the village traffic increasing."/>
