<b>Comments</b>	<p>This proposal is a ludicrous imposition on Oxfordshire and its residents. It goes against all principles of sustainable development as specified in NPPF. It delivers absolutely NOTHING for local people - no houses and no infrastructural improvement. It represents the grossest example of commercial opportunism at the expense of an irreplaceable natural environment. The impact of traffic on existing roads that are already stretched to capacity will be severe and crippling to local businesses and residents. It should be refused in the clearest and firmest possible terms. Any reluctance to refuse this proposal will be viewed by people across the county as an abandonment of the electorate and will be reflected in future elections.</p>
