Comments	<p>I wish to register my objection to this proposal. It is ill conceived, and if permitted will have a dramatic and adverse impact on all villages in the immediate vicinity. The infrastructure in this area is rural, and the impact of an additional 1800 vehicle movements (900 in and 900 out) every day simply cannot be supported. How can this be considered as being environmentally friendly, and even begin to contribute to compliance with government carbon reduction targets. This is an undeveloped area, with the exception of a golf course currently, which by its nature will support local flora and fauna, current populating the site. This development will decimate this wildlife, something which is seen far too frequently within large significant developments. The feedback from the Parish Councils involved actually says everything. They are local, and represent the local people, and it is the local people who have greatest awareness of the challenges a development of this sort will bring to the community.</p>
