Subject: PLANNING APPLICATION: 19/2250/F

Good afternoon,

I omitted to add my full name & address to my email yesterday as follows:

I would like to strongly object to planning permission being granted to this development on environmental issues.

Great Wolf are stating that the benefits are that employment would be guaranteed for hundreds of workers.-how would they get there? by car?.It appears that even the world renown Bicester Village have great difficulty in filling vacancies due to very few people claiming unemployment benefit locally.

The likely scenario if both these companies could recruit staff yet more traffic problems would manifest themselves at the Wendlebury and Bicester roundabouts and local roads.

This development has not been thought through at all on environmental levels.

Regards,
