Comments	<input type="text" value="I wish to lodge an objection to the proposed planning application 19/02691/F. Access to the proposed site is not suitable for heavy goods vehicles and plant machinery that would be needed. All roads through the village, Tanners Lane and The Leys are not suitable for excess vehicles. The concrete track that would lead to the proposed site is unsuitable to bear the weight of excess heavy goods vehicles. Thames water sewage tankers struggle every time they need to access the sewage works which are at the end of the track. There have been numerous occasions when our garden wall has been clipped by lorries which have had to shunt to get down and back up the track. The proposed site will also have a detrimental affect on the wildlife that can be found in the area."/>
