The footpath is used by school children walking to and from school too. - With the large increase in the number of cars households own over the years there has been a markable increase in on road parking along Main Street, making it a single track road. With cars parked at the proposed entrance point and along to the primary school I believe it would make it very difficult to view clearly when coming out onto Main Street, Making it dangerous to do so and you certainly would not have a clear view off traffic turning in from Pound Lane. - The actual farm house " visitors="" wall="" want="" when="" who="" why="" will="" with="" within="" without="" would="" yard="" years."="" yet!=""/>
