

Comment for planning application 19/02700/F

Application Number	<input type="text" value="19/02700/F"/>
Location	<input type="text" value="Mawles Farm Main Street Sibford Gower OX15 5RW"/>
Proposal	<input type="text" value="Conversion of existing stone/brick barns to 1 no. dwelling and conversion of existing steel pole barn to 1 no. dwelling. Associated works including landscaping and new access"/>
Case Officer	<input type="text" value="Bob Neville"/>
Organisation Name	<input type="text" value="Amanda Ransom"/>
Address	<input type="text" value="Fairview, Main Street, Sibford Gower, Banbury, OX15 5RW"/>
Type of Comment	<input type="text" value="Comment"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="The new access onto Main Street is not viable in my opinion for safety reasons. The access will have parked cars each side of it, blocking the visibility of drivers leaving the parking area at Mawles Farm. Main Street is used as resident parking by several households who do not have off-street parking, Main Street is also used for parking by at least 2 members of the Primary School staff each day, as the school does not have enough parking on the premises. This access will mean the loss of 2-3 parking spaces and will not deter residents from attempting to fill the street with parked cars. All the children and parents from the west of the village walk to school and back each day using the pavement where the access is proposed, as there is no pavement on the other side of the road. Young children often run ahead of parents and/or use scooters to get to and from school and therefore will be crossing this access at speed and not adequately supervised in some cases. Creating an access onto the street will mean more traffic movement, loss of the pavement/pedestrian footpath and less parking availability on this already narrow and congested street."/>
