Comments	<input type="text" value="My property runs opposite to the full length of the development along Pound Lane, and having viewed the proposed development plans I am pleased to see that such an historic site within the village will be sympathetically restored, maintain and preserve many unique features, whilst creating 2 much needed family dwellings in Sibford. This will be done whilst also creating 6 off street parking places, in the heart of the village. Looking at the current barn over the last few years it's restoration is welcome as soon as is practically possible, to prevent further dilapidation of the roof, walls and access points, the deterioration of which appears to be accelerating."/>
