Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="I write to support the development proposals for Mawles Farm. My house is on the crossroads opposite the development site and I am pleased to see plans for the sympathetic restoration of this historic village farm which will help improve the conservation area setting. The condition of the barns has deteriorated remarkably over the last few years. The restoration of the farm buildings is welcomed as soon as possible to prevent further dilapidation. The conversion to residential will provide much needed housing within the village centre and a viable long-term use which will help to ensure the preservation of the buildings for future generations. I am also pleased to see that all car parking generated by the development proposal is catered for off-street."/>
