<b>Comments</b>	<input type="text" value="It has been a pleasure with gliders flying over the area, the extra traffic that more events every year will grid lock the town by pass. One side Bicester Village, plus the possibility of a water theme park, the level crossing and more trains. More houses being built every where in the Bicester town. Can we not build some extra roads or build bridges as a priority. I am in favour of more work and Bicester expanding, but does it not need to be considerate of the people that live in all these new houses, the book Bicester was a little town, and a friendly market town will have all its character changed. Can we sort the roads first, you insisted that the garden centre got the road structure sorted first, you made Bicester Village and Tesco sort the roads, can we get this right first."/>
