<b>Address</b>	40 Pine Close,Bicester,OX26 3YJ
<b>Type of Comment</b>	Objection
<b>Type</b>	neighbour
<b>Comments</b>	<p>Traffic noise and pollution is already horrendous all hours day and night, as a local resident at least with the Guiding Club it is a peaceful activity that does not impact on the local environment, when the Bicester Heritage Scrambles are on there is no consideration to local residents trying to have a peaceful Sunday in the garden , it is impossible with the noise and traffic pollution, so much for Bicester being a green eco town with Garden city status, it is a joke! The airfield and its activities which have benefited many people on a local and national level was here long before Bicester Heritage and the impact of such developments on green belt land should be very carefully considered before all the destruction of the historic buildings which I would have thought were listed and the old trees protected , Please save our airfield for future generations. The current road system cannot cope and traffic noise and pollution levels totally unacceptable which affects our sleep or lack.of it.</p>
