<b>Comments</b>	<input type="text" value="Living so close to the proposed plans I can see that the development of the race track, hotel and additional buildings will only bring noise and air pollution in addition to a ridiculous amount of footfall and traffic. It is unfair that the nearby residents should have to suffer noise on a daily basis, risk their house prices going down, and have additional traffic, just for an attraction for the select few. The airfield currently there is silent causing no stress to those nearby and is also an integral part of aviation history. Bringing a race track in its place is not only disrespectful to the Bicester Heritage site but a disgrace to bring to those who live nearby. Whenever there are events on currently at the BH, all residents nearby here already suffer ridiculous traffic, people parking on our roads and spaces, in addition to noise pollution and air pollution."/>
