Comments	<p>I was born in Bicester and have grown up seeing it change beyond recognition. What Bicester Heritage have achieved so far on the site is commendable, the old buildings being brought back into life is great, but I object to anymore development, scramble days are a nightmare with traffic gridlocked along Buckingham Road and both Skimmingdish lanes. With more development meaning multiple events being held will only exasperate the situation, causing even more air pollution and noise, also you can't even get out of the estate onto Buckingham Road on these days. God forbid if an ambulance had to get anywhere. As for the proposed race track, this would be a nightmare for residents living on Thompson Drive, Turnpike Road and The Garden Quarter with the noise and air pollution it would create, also it would mean losing part of the historic air field which would be lost forever, this should not be allowed to happen. Many thanks</p>
