<b>Comments</b>	<p>As a 35 year long resident of Caversfield I would like to object to the ever increasing development plans submitted by Bicester Heritage/Bicester Motion. 1. The traffic on event days is awful. We can't access the Buckingham Road and sometimes we can't even park in our road. No doubt the events will increase and so will the traffic problems. 2. The construction traffic will make this access impossible for many months to come 3. With the increased interest in the site will also come increased pollution and noise. I'd far rather 'listen' to gliders than racing cars on the proposed new track. Yes, the noise does carry! 4. This is a Heritage Site and it will not be recognisable in a few years if development continues. 5. The open view from Skimmingdish Lane (the 'other bit') is about to be destroyed with further plans to extend all the way to Bakels. 6. The corner that is currently being developed is a real eyesore - to extend this eyesore is unacceptable. 7. The potential loss of the Gliding Club is sacrilege. It has been there for many years and is a well known and well liked feature of this side of Bicester. How can they possibly book days to fly when they are so weather dependent. Ridiculous.</p>
