Address	69 Thompson Drive, Caversfield, Bicester, OX27 8FA	
Type of Comment	Objection	
Туре	neighbour	
Comments	I object due To the fact the noise pollution from race cars going around the track that was put in place 2 years ago is already far to loud . Most days the constant grind of revving engines is not nice . We can't sit in our garden and enjoy the peace and quiet anymore . We already get woken up early on weekends with the noise of racing cars . With the new application it is going to be even louder and the traffic around the site is going to be much worse . The last event this site had the traffic management failed. I live meters from the Buckingham road entrance to the site and at the moment we have a nice view from our garden across the airfield . The buildings are going to be huge and I did not plan on living next door to what is proposed to be a top 20 tourist attraction. Being a local resident all of my life in Bicester it's shocking that the council are even contemplating having this on mine and other residents of Caversfield doorstep . The noise pollution and air pollution from the whole site will be damaging to all including wildlife . Also at what cost to the residents , our house values will drop and we won't be able to sell up and move away with this monstrosity of site even being considered. Our home has already decreased in value over 2 years and will decrease further if this is built .
