Comments	<input type="text" value="I strongly object to these proposals. The reasons are as follows: 1. As a member of the angling club I will not be able to persue my hobby during my retirement so close to home meaning I will need to travel further afield. 2. Noise impacting from the events to li al residents. 3. Traffic coming and leaving the site on a regular basis causing access to home more difficult and stressful blocking all roads into caversfield. 4. Air Pollution. We are all being told to reduce our carbon footprint but you are proposing to have many cars around the racetrack adding to Bicester carbon footprint. 5. Loss of one of the omni directional grass flying fields in the country. We should be preserving this not destroying it. 6. Landscape. Another green open field destroyed by building multiple buildings around perimeter."/>
