<b>Comments</b>	<p>I accept that as Bicester gets bigger there will be development, I know some people will complain about potential noise etc etc. My ONLY major concern regarding the application is the fact that leaving the estate from Thompson drive onto the Buckingham Road and heading towards Bicester town is hard enough as it is at certain times of day, and we can be waiting a long time for a gap to safely join the road. By leaving the opposite way out of thompson drive, though the long way round, can also result in long wait heading towards bicester already. The increase in traffic will make even our usual 'off peak' times busy and hard to leave the estate into Bicester. In particular with the entrance being right opposite thompson drive. Has there been any consideration of managing the traffic at either end with lights? It would be nice to leave my house when I want to and not be hindered by ridiculous traffic to leave the estate. Please consider the impact to residents with regards accessibility to Bicester. Kind regards Yasamin Kazemi</p>
