Address	<input type="text" value="7 Horne Close,Caversfield,Bicester,OX27 8FE"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Dear Members of the Committee Having read and considered the planning application, i think how things currently are, with the airfield being used for the Gliding club, and other functions is quite enough. After all the Gliding club has been there for a very long time.It seems unreasonable that they should be pushed out, making way for yet more noise and congestion. I accept things naturally have to grow but with Silverstone race track so near by, why do we need what would be a poor unnecessary imitation on this site. I have lived in Caversfield for the past 15 years, in this time seeing Bicester and surrounding areas growing hugely. There comes a time where enough is enough. There has to be a balance, the current volumes of traffic are quite enough, bearing in mind when all the current building of, houses is finished, the road system is going to struggle to cope. This will be bad enough, adding yet more traffic more pollution, more noise is NOT!!! the way forward. Please ask yourself this simple question, can the benefits justify, the damage and disruption the proposed is going to cause. Many thanks in anticipation for your careful consideration Paul Baker"/>
