Comments	<input type="text" value="We have lived in Caversfield for over twenty years. We have been very happy living here. However we are not happy about the proposed race track which Bicester Heritage wants to construct on the airfield at Caversfield. The noise levels will be horrendous for us as well as the air pollution and increase in traffic. We already have to put up with vehicle engines being excessively revved and squealing tyres when vehicles are being so called 'tested' on the existing track. We already have difficulty crossing the Buckingham road, the A421, to turn right towards town so an increase in traffic volume will make life even more difficult. We have never had any problems with the Gliding club and would be very sorry if they are unable to continue using the airfield. After all the planes are part of ACTUAL Bicester heritage and have been here for many years."/>
