Address	<input type="text" value="12 Truemper Grove,Caversfield,Bicester,OX27 8FD"/>
Type of Comment	<input type="text" value="Objection"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="Caversfield and Caversfield village estate Stratton Fields was never designed to cope with a greater volume of traffic that the single carriageway to Buckingham Milton Keynes and Banbury Supports this the disastrous design of Bicester Village for entrance and exit on the same roundabout was ludicrous I'm inclined to think if the plans go-ahead the volume of traffic will be even greater than that of Bicester Village. As a local to caversfield for over 20 years and a resident of Bicester for a further 20 years I will always support anything for the greater good but the design has to be right. We have increasing concerns about noise pollution something that the Heritage site will never appreciate as they are in the inside looking out even on small track days it's bad enough Caversfield and Bicester areas are Tranquil and we would like it to remain that way particularly in light of the fact that the glider club is an institution that should be preserved I use the gliding club and my concerns are that the air space with out the gliders usage will become free for commercial flights. With all due respect planting a few hedges to prevent views and quash noise is not sufficient- wildlife will be affected and can never be replaced. So in closing We are opposed to this development."/>
