Comments	<input type="text" value="I object to this planning application due to increased traffic and noise pollution it will bring to Bicester. Bicester is already struggling with the current increased traffic brought about with housing expansion and this will tip things over the edge. The events which have already been held at the site have cause long queues for local road users not to mention the increased noise from car racing on the track. The gliding club has been a long standing user of the airfield and should continue to be the primary user of the airfield."/>
