Type of Comment	<input type="text" value="Comment"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="As a close householder on Heritage open days we have a BIG problem getting out of our estate to go into Bicester at present. There are no benefits to the Bicester residents of these extra activities and the prices are too expensive for us now as we are both in our mid 70's. At present each weekend Bicester village has volumes of traffic which does not benefit our town center, this will further deter us to try and go into Bicester on the Heritage open days. Can you tell me what benefit this will give to locals? And how we can justify losing those beautiful gliders flying over us which do not inconvenience us but add to our living here on the edge of the countryside. Bicester was a small market town and I understand for the need for more houses but we do not have the infrastructure in place for this. At present we have extra noise due to the current Heritage racing days which we had no idea would happen this extra noise will only add to summertime in our garden hearing extra noise and pollution. There is no reduction in our council tax for having to put up with these extra inconvenience either."/>
