Comments	<p>Adderbury is a vibrant and growing community, and surveys and polls of the village have indicated clear support for the creation of new recreational and sports facilities for the village community. Existing facilities date back to the early part of the last century and before, have limited and increasingly inadequate space and services for organised activities/meetings/drama/music/shows/fitness and wellbeing classes/exhibitions etc. The proposed new community building will enable local organisations to grow and thrive, and provide much needed space for a range of sporting and recreational activities, thus meeting the needs of all ages and interest groups in Adderbury. This is a much needed development which addresses the clearly expressed wishes of the village for modern, well designed facilities, fit for the future benefit of the whole community.</p>
