<b>Name</b>	Donna Hirst
<b>Address</b>	2 Rawlins Close, Twyford, Banbury, OX17 3HS
<b>Type of Comment</b>	Support
<b>Type</b>	neighbour
<b>Comments</b>	<p>It is so welcoming to see the progress of this application for new community facilities in Adderbury. This is so long overdue as we have been left behind by the developments in surrounding villages who have made improvements to community health and spirit. Adderbury needs new sporting and community facilities, the existing provision is wholly inadequate. The proposed location of this build is perfect as it is discreetly sited behind a mature and established tree line so the nearby community will not be affected by the building or sports fields. It would be so short sited to prevent these facilities from being realised with the growth of new housing developments nearby which, regardless of your viewpoint, will bring young families and new life to the village so this development is critical for the future of the Adderbury. There may be many who oppose these facilities for a variety of reasons, local environment, noise and light pollution, traffic concerns etc. But village communities have to develop and grow with the times, they can't be left to stagnate and age to extinction. We have to provide for the many generations to follow ours and leave them a legacy that supports their development and well being. No doubt the same concerns were raised in the 19th century when the village Institute was built, this has served the village well but it is time for something new. So well done Adderbury Parish Council and the WFAC group for getting this far and negotiating the many hurdles that have been thrown before you on this journey. I look forward to this project reaching fruition and an exciting new development coming in our future. The villagers of Adderbury have spoken in 2 separate referendums that support this application. So let's deliver what the majority have voted for.</p>
