| Comments | <p>I strongly support this application. It provides for a much needed increase in provision for sports and community facilities. Adderbury village has grown very considerably over the last few years and the sports and community facilities in the village have failed to match that growth. The facilities proposed will support a number of sporting activities for which there is demonstrable demand both indoors and outdoors. It will also provide for a much improved facility for community activities which the village is currently lacking. Two Parish Polls have been called by opponents of these proposals in the hope of demonstrating opposition and both Parish Polls have done the reverse and demonstrated good support for them.</p> |
