Comments	<input type="text" value="The proposed sports and community centre on Milton Road, Adderbury, fulfils a real need in the Adderbury community for both sporting facilities and community spaces which cannot be met by the existing venues. The proposal, in fact, addresses a deficiency in the facilities of the village and is well overdue. The site has been chosen to be as close as is feasible to the centre of the village and the design both fulfils its central purposes and is sympathetic to its surroundings. The location of the entrance and the numbers of on-site parking spaces should ensure that there is minimum disruption to neighbouring properties. The development has been shown to have overwhelming community support and deserves to be given full planning permission."/>
