Comments	<input type="text" value="This project has been given support by the village in the form of 2 Parish Polls in which it was clear that the village want the new facility. The new facility will only bring benefit to the village, and will provide a space unlike anything currently available. This project has the full support of the Parish Council as well as many other groups across the village. So much effort and work has gone into this project, it would be totally wrong for it to be rejected at this stage and would completely undermine the purpose of the Parish Council and the Parish Polling process."/>
