Comments	<input type="text" value="We completely support the project and the community building plans. Adderbury has a population of over 3,000 people and we believe that Cherwell District Council and Adderbury Parish Council have a duty to provide for everyone who lives here and should be encouraged to think about the future of Adderbury and not just what is happening here and now. There are many young families who have moved into both ends of the village and we should provide suitable facilities for them. We have had two parish polls which proved there is a need for sports and community facilities in the village and it is time to move forward as other nearby villages have already done!
