<b>Comments</b>	<p>I wholeheartedly agree and support the application of such a development. I have serious reservations about the design and the location of the building plot. It is too close to the new houses. Any music amplified or not function (which is a remarkable feature of Adderbury, eg folk club, Morris dancing etc, ) will have an adverse impact on local residents with noise. The whole development needs to be inverted 90 degrees so it is not close to residential dwellings, and the car park too should be located further from the dwellings. Any late night functions will be a nuisance with cars starting up, people calling to each other etc. More use of local stone ought to be incorporated into the building. Consideration needs to be addressed for other sporting facilities other than football. E.g, cycling track/running track, skate board/ children's play area. Provision inside for musical/theatrical occasions. These are what this village needs. Not just football pitches!</p>
