Comments	<p>Adderbury is regarded as a warm and welcoming village, a wonderful place to bring up a family, a place which holds numerous social events throughout the calendar year. There is a real feel of community spirit among the majority of its residents. Whilst we are fortunate to have the use of the Methodist Hall and Adderbury Institute for small scale events, the addition of a larger recreational space would prove invaluable for larger social events, concerts, weddings, parties, fundraising events, to name a few. I cannot see how the location of the proposed development would encroach upon any of the residents within closest proximity and would serve to bring the community closer together, which today more than ever is so important. I urge those who are against the proposed development to reconsider and think of the families that live here, adopt a sense of community spirit and realise the potential this facility has to offer. Thank you.</p>
