Comments	<p>This application is for the approval of a new sports and community pavilion for Adderbury Village. The change of use of the field from agriculture to sports has already been established under a previous application. This application accords with national, local and neighbourhood planning policies and the concept has been extensively consulted on and positively received within the local community. This is a once in a lifetime opportunity for the village of Adderbury that has come about through the dedicated and skilful work of a handful of senior members of the community who are committed to providing Adderbury with a facility for the benefit of all the village. Shallow and selfish criticisms of this application should play no role in influencing the the planning authority's resolve to see this application meet its full potential.</p>
