<b>Comments</b>	<input type="text" value="Whilst we support the provision of such facilities in the village, we are obviously being ignored with our basic concerns of traffic, light pollution and noise from this site as detailed in the this revisited submission. It would appear from the plans that the architects have never visited the site or even the village, there is absolutely no consideration being given to the properties that back onto the site in Henge Close, I firmly believe that the plan needs a major realignment regarding layout and access"/>
