Comments	<p>Having lived in the village for over 30 years, there has been a lot of discussion in the past regarding the finding of a suitable ground away from the centre of the village for sports facilities. The position of the football and what used to be cricket pitches at The Lucy Plackett playing field is certainly not acceptable for football through the winter periods as this ground regularly floods, whereas it is an idyllic position for cricket. Also when football is being played, there are not enough parking places at present causing congestion on neighbouring street. We have had 2 Village votes on this matter, both instigated by the residents from West Adderbury and on both occasions the support outweighed the objections. Having viewed the comments of objections of residents from Henge Close they must of been aware of this application prior to purchasing their properties. This is a golden opportunity to get what is needed for the village and will relieve congestion from the centre of the village.</p>
