<b>Comments</b>	<p>This project is long overdue for a village and community the size of Adderbury. A beautiful and thriving village community which has grown in size with many new developments housing families and an extended primary school to support this growth. The current facilities do not have the resources to support the wealth of clubs and community societies at the level in which it needs. Our village has been given the opportunity to provide a purpose built provision to support residents of all ages and diversity in hobbies and I am saddened to think that objections are being made to prevent this from happening. Sadly many sports clubs and groups have to use other village facilities due to non availability within Adderbury despite the size of the village itself. This needs to change and bring sport and recreational activity for all ages back to the community of Adderbury and bring our village back together. We have a growing community full of youth who need space to development mentally and physically within a safe environment and this should not be stopped by a majority of objections being made by many residents of houses developed after the plans had commenced. We need this for the young people of Adderbury who can grow and also other residents who could enjoy using the space for social activities to continue with fitness for all ages and other hobbies which could be facilitated with better resources. Lets not leave Adderbury behind.</p>
