Comments	<input type="text" value="This facility for Adderbury is well overdue. Our current hall, Adderbury Institute, is too small for many events, its been talked about for many years, we now have the opportunity to create a hall fit for the 21st century. I believe those who object are exaggerating potential problems, increased traffic, noise, floodlighting etc, true traffic on the Milton road has increased but that is unavoidable given all the development of new houses in the area, we just have to live with it."/>
