Comments	<p>We wish to register our wholehearted support for this project. A great deal of work, thought and consultation has already gone in to the provision of a great amenity , designed to provide our expanding village with a centre for a good variety of sporting activities. At present facilities in the village are very limited and it is well documented that physical activities have a very positive effect on both our physical and mental well being. Local facilities will encourage participation as well as provide a much needed centre for village social activities, benefiting the whole community. We are both members of Adderbury Running Club and look forward to being able to use the new facility as a meeting point and for training. As parents and grandparents we are well aware of the value of providing good local facilities for our children and young people. As a community we should welcome this fantastic opportunity.</p>
