Address	<input type="text" value="5 Glebe Court,Duns Tew,Bicester,OX25 6JY"/>
Type of Comment	<input type="text" value="Comment"/>
Type	<input type="text" value="neighbour"/>
Comments	<input type="text" value="The Duns Tew Parish Council wishes to amend the response to this application (made on 30.3.2020) in light of discussions with CDC Planning about the application of S106 monies and the relevance of their application in this instance. The Parish Council has also discussed the application with IPVFlexgen and made it clear that the considerations below are of paramount importance to the local community. The Councils position is unaltered in regarding this application in a positive light, especially with regard to the general requirements and well-rehearsed arguments to move to alternative supplies of energy. The key considerations are: 1. Any traffic related to the building, maintenance and any future decommissioning strictly adheres to the plan to access the site from the A4260 (or the track off North Aston Road should this not be possible) and that it will not go through the village at any time and in particular not use Hill Farm Lane. This should include the installation of suitable signage at all of the approaches to the village and at the top of Hill Farm Lane to direct traffic not to go through the village or down Hill Farm Lane to get to the Solar Farm. 2. The screening hedging and trees are planted and maintained as outlined in the plan, including reinstatement where necessary, to maintain the view and the environment."/>
