Subject: RE: Planning notification for application reference: 20/00592/DISC

Dear Linda,

The applicant has submitted a Heritage Delivery Strategy as required by condition 9a of permission TWA/18/APP/04.

This Heritage Delivery Strategy sets out the general approach for the evaluation and mitigation as required by this condition.

In general, this approach is acceptable.

The specific details for a number of the sites, including the physical preservation of the Mill Mound in area 2A0354/8.1/FB, now removed from the scheme, and relating to monitoring and sign off requirements that are not included in this strategy, but we are satisfied that these matters can be dealt with by the individual written schemes required by condition 9b

As such we are satisfied that this document meets the requirements of Condition 9a.

Regards

Richard
