**Subject:** RE: 20/00593/DISC

Linda

I do not have any issues with the ecological aspects of the CoCP if, as it states, the more detailed information required will be within a full CEMP for biodiversity. However I note a CEMP itself is not conditioned and so I wonder what the timescale is for this? The aspects set out for inclusion within a CEMP seem thorough and I would be happy for the condition to be discharged if the production of the CEMP is guaranteed.

Kind regards

Charlotte
