Comments	<input type="text" value="It's not clear if the site is permanent, semi or holiday usage only. Objection would be for permanent usage. Objection is based on the lack of amenities for more people in the village. There has been huge expansion of the village in the last 5 or so years with no growth of the school, shops or public transport infrastructure. The other consideration is the position of the site itself, which is not linked by footpaths or cycle paths to anything. Regardless of usage, this must be addressed."/>
