Comments	<p>This application has been very underhand being applied for during lockdown, and simply cannot be allowed to proceed! Adderbury has seen considerable growth outside its boundaries on the Milton Road and with every increasing traffic emanating from Bloxham. A new playing field and social hub is in progress on the east side of the Milton Road which on its own will cause an increase in traffic and footfall. The land in question had obviously not sold being on the market for some time and is not the appropriate place for a caravan park. With the closure of the permanent site in Bloxham this new site could well be used by travellers . The Milton Road is a sub road and the trawling of caravans to the site and turning could occasion foreseeable accidents. There are no pavements and no real facilities in the village apart from the village shop where parking is a nightmare all the time within the narrow roads. The pollution to the area being 'green belt' should not be eroded which will indeed happen, along with juggling traffic entering and exiting Colegraves Seeds. Please look upon these comments favourably and DENY and REFUSE this application once and for all.</p>
