Comments	<p>I object to this planning application for the following reasons: 1. A tourist caravan park will generate more traffic along the Milton Road and through the village of Adderbury. The village roads and parking areas are already congested; and tourist traffic would impact residents if they parked near the pubs or the shop. 2. There is no footpath from either Milton or Adderbury to this site, which means that families and pets would need to walk down a very busy, fast road which is dangerous. 3. The existing and new village recreational / sport complex were built / being built for the use of the Village and our Council Tax fees help fund them. As there is no activity area on the Caravan site plans, the 70+ Tourist families would need to utilise the village areas. Wear and Tear will increase and could lead to additional cost to the village; as well as over capacity issues leading to the villagers missing out. 4. There is only 1 pubic footpath that crosses this site - so it will be over used and have a detrimental affect on local wild life. Deer and bats have been spotted in this area which would be affected. 5. National statistics show that villages located near Caravan Parks have higher crime rates and arrests for Anti-Social behaviour. 6. There is already 1 campsite in the village - Bo Peed Campsite - the village does not need another one.</p>
