Comments	<p>I am concerned that this proposal is completely unsuitable for the following reasons: -The proposed caravan site is currently an area of natural beauty, which supports the habitat of lots of wildlife. This would be destroyed by a busy caravan park -The size of the development is very concerning, this would drastically increase the traffic on the road into Adderbury which would also affect local residents' quality of life and safety detrimentally. - Adderbury has very little in the way of amenities (and another campsite in Adderbury closed due to lack of business) which begs the question as to why this is being sought as a location for a caravan park at all, and unfortunately adds weight to the suggestion from many locals that this will not be a caravan park in the recreational sense, but for permanent residents. - There have been so many developments in Adderbury, and adding a large caravan park to them will further damage Adderbury's character, and spoil the quiet village which residents chose to live here because of. -I would urge you to investigate very thoroughly the real intentions for this site.</p>
