Comments	<input type="text" value="I strongly object to this planning application as it will impact negatively on local residents and the landscape of this rural part of Cherwell as follow: * it will increase the traffic going through the surrounding villages that include Adderbury which is already suffering from heavy and fast traffic affecting the safety and well-being of it's residents in many ways. * there is no justification for another caravan site as I believe, there are three existing caravan sites within the parish and were never at full capacity. * the location of the proposed caravan site is very close to the location of the proposed sports development on the land north of Milton Road, if the proposal received the go ahead that will impact negatively on the wildlife and the environment by increasing the level of pollution and noise."/>
