Dear Mr Neville

We object strongly to planning application 20/01073/F

1. A need has not been demonstrated for this facility
- 2 Design and impact on character of immediate area (Adderbury/Milton Gap local plan)
- 3 Landscape impacts on rural setting.
4. Increased traffic burden on rural road which is also already impacting on Berryhill  
Road with extra vehicles and speeds in excess of limit.
5. Offers very minor value to the local community .

Yours sincerely
