## DEVELOPMENT MONITORING

We would be grateful if you could let us know of your intention to start the development at least 14 days prior to the commencement of work on site. You can do this by emailing the Council on: [monitoring@cherwell-dc.gov.uk](mailto:monitoring@cherwell-dc.gov.uk) and providing us with the following information: application number; application address; and the date you intend to start the development. During the monitoring period, we

will be assessing the development against the approved plans, and compliance with any conditions imposed on the permission. It is in your interest to comply with this request as it will help to avoid any unnecessary, and possibly expensive, corrective works.

### INFORMATIVE NOTES TO APPLICANT

1. **Conditions** – the applicant's attention is drawn to the need to comply with all conditions imposed on this permission. Failure to do so could result in the council serving a breach of condition notice against which there is no right of appeal.

Under the Town and Country Planning (Fees for Applications, Deemed Application, Requests and Site Visits) (England) Regulation 2012 there is a fee payable each time you make a request to discharge any of the conditions attached to this permission. You can apply to discharge more than one condition at the same time. At the time of this decision the fee is £34 per request for householder development and £116 per request in all other cases. The fee may be more when you come to apply for the discharge of condition if the Regulations have been amended. The fee is payable when you submit the details to discharge the condition(s). The Council has '1app' forms for such applications, but their use is not mandatory.

**The Council has eight weeks to respond to applications to discharge conditions, so you will need to make your application in good time before commencing development.**

2. **Material Samples** – please note that where any of the above conditions require the approval of materials, material samples are no longer accepted at the Council offices and should in the first instance be left on the application site for the relevant case officer to view and assess in context with its surroundings. Material samples and sample panels should be placed/erected on the site before an application to discharge that condition(s) is submitted.

Should leaving samples on site be impractical then arrangements should be made with the relevant case officer to view samples on site.

3. **Ecology** - Your attention is drawn to the need to have regard to the requirements of UK and European legislation relating to the protection of certain wild plants and animals. Approval under that legislation will be required and a licence may be necessary if protected species or habitats are affected by the development. If protected species are discovered, you must be aware that to proceed with the development without seeking advice from Natural England could result in prosecution. For further information or to obtain approval contact Natural England on 0300 060 3900.
4. Birds and their nests are fully protected under the Wildlife and Countryside Act 1981 (as amended), which makes it an offence to intentionally take, damage or destroy the eggs, young or nest of a bird whilst it is being built or in use. Disturbance to nesting birds can be avoided by carrying out vegetation removal or building work outside the breeding season, which is March to August inclusive.
5. Bats are a highly mobile species which move between a number of roosts throughout the year. Therefore, all works must proceed with caution and should any bats be found during the course of works all activity in that area must cease until a bat consultant has been contacted for advice on how to proceed. Under the Wildlife & Countryside Act 1981 (as amended) and the Habitat and Species Regulations 2010 it is illegal to intentionally or recklessly disturb, harm or kill bats or destroy their resting places.
6. **Other rights / consents** - Planning permission only means that in planning terms a proposal is acceptable to the Local Planning Authority. Just because you have obtained planning permission, this does not mean you always have the right to carry out the development. Planning permission gives no additional rights to carry out the work, where that work is on someone else's land, or the work will affect someone else's rights in respect of the land. For example, there may be a leaseholder or tenant, or someone who has a right of way over the land, or another owner. Their

rights are still valid, and you are therefore advised that you should seek legal advice before carrying out the planning permission where any other person's rights are involved.

### **STATEMENT OF ENGAGEMENT**

In accordance with the Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended) and paragraph 38 of the National Planning Policy Framework, the Council has worked positively, creatively and proactively to determine this application within the agreed timescales, having worked with the applicant/agent where necessary and possible within the scope of the application (as set on in the case officer's report) to resolve any concerns that have arisen, in the interests of achieving more appropriate and sustainable development proposals. Consent has been granted accordingly.

The case officer's report and recommendation in respect of this application provides a detailed assessment of the merits of the application when considered against current planning policy and guidance, including consideration of the issues raised by the comments received from consultees and members of the public. This report is available to view online at: <http://www.cherwell.gov.uk/viewplanningapp> .

## NOTICE OF DECISION

### TOWN AND COUNTRY PLANNING ACT 1990 (AS AMENDED)

#### NOTES TO THE APPLICANT

##### TIME LIMITS FOR APPLICATIONS

By virtue of Sections 91-96 of the Town and Country Planning Act 1990, as amended by Section 51 of the Planning and Compulsory Purchase Act 2004, planning permissions are subject to time limits. If a condition imposing a time limit has been expressly included as part of the permission, then that condition must be observed. Otherwise, the development must be begun not later than the expiration of 3 years from the date on which permission was granted.

##### OTHER NECESSARY CONSENTS

This document only conveys permission or approval for the proposed development under Part III of the Town and Country Planning Act 1990 and you must also comply with all the bye-laws, regulations and statutory provisions in force in the District and secure such other approvals and permissions as may be necessary under other parts of the Town and Country Planning Act 1990 (as amended), or other legislation.

In particular you are reminded of the following matters:

- The need in appropriate cases to obtain approval under the Building Regulations. **The Building Regulations may be applicable to this proposal. The Building Regulations may be applicable to this proposal. You are therefore advised to contact the District Council's Building Control Manager before starting work on site - Telephone: 01295 227006. Email: [Building.Control@Cherwell-dc.gov.uk](mailto:Building.Control@Cherwell-dc.gov.uk)**
- The need to obtain an appropriate Order if the proposal involves the stopping up or diversion of a public footpath.
- Data supplied by the National Radiological Protection Board (NRPB) and the British Geological Survey (BGS) suggests that the site of this application falls within an area which is potentially at risk from radon. This may require protective measures in order to comply with the Building Regulations if your consent relates to a new dwelling or house extension. Further advice on whether protective measures are required under the Building Regulations can be obtained by contacting the Building Control Manager on 01295 227006 or E-mail at [building.control@cherwell-dc.gov.uk](mailto:building.control@cherwell-dc.gov.uk)
- The need to obtain a separate "Listed Building Consent" for the demolition, alteration or extension of any listed building of architectural or historic interest from the Local Planning Authority.
- The need to make any appropriate arrangements under the Highways Act in respect of any works within the limits of a public highway. The address of the Highway Authority is Oxfordshire County Council, Speedwell House, Speedwell Street, Oxford, OX1 1NE.
- It is the responsibility of the applicant to ascertain whether their development affects any public right of way, highway or listed building.

##### APPEALS TO THE SECRETARY OF STATE

If you are aggrieved by the decision of the Local Planning Authority to refuse to grant planning permission or grant planning permission subject to conditions, you can appeal to the Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990.

If you wish to appeal, then you must do so within **6 Months** of the date of the decision

**Unless;**

- The decision on the application relates to the same or substantially the same land and the development is already the **subject of an enforcement notice** then you must appeal within **28 days** of the date of the Local Planning Authority's decision on the planning application.
- If an **enforcement notice is served** relating to the same or substantially the same land and development as in your application and if you want to appeal the decision, then you must do so within **28 days** of the service of the enforcement notice, or 6 months (12 weeks for householder and minor commercial) of the date of this decision whichever is the sooner

Forms can be obtained from the **Planning Inspectorate, Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN. Tel (0303 444 5000) Or online at [www.planningportal.gov.uk/pcs](http://www.planningportal.gov.uk/pcs)**. The Secretary of State can allow a longer period for giving notice of an appeal, but he will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to them that permission or approval for the proposed development could not have been so granted otherwise than subject to the conditions imposed by the Local Planning Authority, having regard to the statutory requirements, to the provisions of the development order and to any directions given under the order.

In practice, the Secretary of State does not refuse to consider appeals solely because the Local Planning Authority based its decision on a direction given by them.

## **PURCHASE NOTICES**

If either the Local Planning Authority or the First Secretary of State grants permission or approval for the development of land subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the District Council. This notice will require the District Council to purchase their interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990.

## **COMPENSATION**

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is granted subject to conditions by the Secretary of State on appeal or on reference of the application to them.

These circumstances are set out in the Town and Country Planning Act 1990 as amended by the Planning and Compensation Act 1991.
