<b>Comments</b>	<input type="text" value="I write to object to the planning application in Steeple Aston. The proposal for the construction of commercial property development and car parking is on far too big a scale, it would present a danger to the school children and also children at the Nursery which are both a mere stone's throw from the site in question, which would also create traffic congestion on the roads coming in to and out of both Steeple Aston and Middle Aston. ( My elderly mother, who lives with us, already struggles to manage her morning walk in the face of the current traffic flow ). In general this development would destroy the character of the village in which our family has been living for over twenty years. It is also impractical. Post coronavirus society is not going to favour commercial property developments because people will be working from home much more. The development would be a white elephant at best, and a monstrosity at worst. Please reject it."/>
