Comments	<input type="text" value="I object to the removal of conditions 17, 18 and 27 from the planning application. This building development is offering few benefits to the community and removing these conditions would offer even less. The public transport service to this area is not suitable for the existing houses and the new development is not sustainable if the occupants have to rely on cars. The currant 'bus stop' is unsuitable as buses can often drive past without seeing someone is waiting, there is nowhere to shelter in the rain and when it's dark in the winter there is no lighting for the bus drivers to see if someone is there."/>
