<b>Comments</b>	<input type="text" value="The PC object to the removal of these conditions, in particular condition 27 which is the improvement of the north bound bus stop. We feel the removal of this condition will have a detrimental effect to the transport links from Bunkers Hill and a negative impact on the residents, who already have limited public transport on the area. The costing and surveying of such conditions should have taken place before the submission of the application, and removal of these after the application has been approved, on that basis is not acceptable. The applicants believed it to be within their remit originally and therefore this must be upheld."/>
