Comments	<input type="text" value="This application shows a total disregard for cycling and walking in and around Bicester. The proposed roundabout needs to go back to the drawing board and to be designed by a person who is able to put cycling and walking first, motor vehicles second. Please ask them to look at Denmark where I lived, cycled and walked where the weakest always has priority, hence less road deaths. I have requested my MP to support the redesign by a competent person, who understands giving priority to the weakest. your sincerely Monica Mehers Bsc (Hons)"/>
